## CLASS WEBSITE:

<http://klopatek.weebly.com>

All assignments, class calendar, objectives, notes and review guides can be found here!  
This will be a huge resource for you if absent!

## Cell Phone Expectations

All of the technology we need will be accessible on a chrome book. This means your device will be out of sight for the class period. If you choose to have your device out without approval of the teacher, the following steps will be taken:

1<sup>st</sup> offense: Your phone will be assigned a location in the "shoe rack" where your device will remain for the ENTIRE class period.

2<sup>nd</sup> offense: Your phone will be assigned a location in the "shoe rack" where your device will remain for the ENTIRE week .

3<sup>th</sup> offense: Device is given over to AP for referral.

## Extra Help

If you are having trouble, you should speak with your teacher as soon as possible. Having flex time built into our schedule, students now have the ability to get extra help during the school day when needed. Students have the option to be requested into a flex period, let your teacher know ahead of time. Take full advantage of getting help early and as often as needed. If help is needed before or after school, please schedule a time with the teacher.
